EDITORIAL COMMENT

Call 449 if you fail to get the Kentuckian promptly. And if you have a news item, phone it to the same number.

If Mexico wants to start something let her lay one hostile hand on Cuba.

Ralph Baker, the "human fly," climbed a wall once too often Tuesday. At South Bend, Ind., he fell three stories and was instantly killed.

In the aircraft debate in the House Tuesday, Chairman Dent said 16,000 planes are now in France, 223 of them fighting machines.

Without any means of getting to Cuba, in case of war, Carranza could at least go to the jumping off place in Yucatan and chew gum and make a face.

The news the Kentuckian is called upon to supply to its readers this morning is anything but pleasant to read, but it is the best that the wires brought us last night.

Cadet Chas. E. Passwater, of Noblesville, Ind., was killed by a fall from his airplane at Hemstead, L. I., Tuesday and the same day Cadet Paul M. Currie, of Minneapolis, was killed at San Antonio, Tex.

The Berlin report claimed the capture of 150 prisoners from the French and Americans in raids Tuesday. Gen. Pershing reports as a fact that only two Americans were taken, one in Picardy and the other in Lorraine.

The point at which the German advance was made Tuesday was opposite Laon, where the big guns are located and it may be one purpose to move these guns 10 or 12 miles nearer to Paris.

The proposed ordinance permitting the Kentucky Public Service Co. to advance its prices for electric power, electric lights and gas in the city has created much comment and business men have called a public meeting to protest against the action, which promises to bring out some very vigorous expressions. The meeting is set for 2:30 this afternoon at the H. B. M. A.

CALL MENTING

Members of the H. B. M. A. other business men and all citizens of Hopkinsville please take notice!

At their meeting Tuesday morning the City Commissioners passed on its first reading a proposed ordinance granting to the Kentucky Public Service Co. the right to increase their electric rate one and one-fourth cent per kilowatt hour and twenty cents per hundred feet for gas, above the present rates now in effect in this city.

We urgently request all business men and citizens to meet at the H. B. M. A. office this afternoon at four o'clock to enter a protest against this proposed increase in rate.

Hopkinsville Business Men's Association, by Garner Dalton, Secretary.

MEMORIAL DAY PROGRAM.

Ninth Street Christian Church. Address in behalf of the Red Cross. Jas. Breathitt, Jr. Address for Council of National Defense. J. B. Allensworth Reading of Lincoln's and Wilson's Memorial Day Proclamation. Prof. G. C. Koffman Special Music—Solo. Pettus White

SALEM CIRCLE.

Salem Missionary Circle No. 1 will meet with Mrs. A. E. Grubbs on the Clarksville pike for their monthly meeting this afternoon at 3 o'clock. In view of the President's request for special prayer on this day all the ladies of the community are invited to meet with the circle.

EPWORTH LEAGUE.

The Epworth League will hold a special prayer meeting this morning at Epworth Hall from 7:30 to 8 o'clock. It is for our soldier boys over there and the allies. Everyone that can is requested to come.

CLOSED TODAY.

The Red Cross and Surgical Dressings room will be closed to workers to-day.

Special reduction on potted tomato plants at Metcalfe's Greenhouse.

DAY OF PRAYER AT CHURCHES

DECORATION DAY TURNED INTO DAY OF PRAYER AND FASTING BY PRES. PROCLAMATION.

BISHOP MOORE IS HERE

BUSINESS HOUSES WILL CLOSE FROM 10 TILL 12 O'CLOCK FOR SERVICES.

People all over the United States are to experience a new celebration of Decoration Day today when, instead of assembling in throngs at the many cemeteries and graveyards over the country to spread on the graves of dead heroes and exploit, their noble deeds, they will assemble themselves together in churches in a worship of prayer and fasting. No greater purpose could prompt this assembling together than the request of the President that we meet together and ask for divine guidance and the success of the Allied nations in this horrible combat across the sea.

The Christian people of the nation are responding to the request most patriotically and prayerfully and the churches will be filled at these services.

The Episcopal, Second Baptist and Cumberland Presbyterian churches will begin services at 10 o'clock this morning. The Methodist will begin at 10:30 a. m. At 4 p. m. the Christian Science Society will hold services in the Cooper-Davis building. The Ninth Street Christian church services will begin at 4:30 p. m. and the First Baptist church at 8 o'clock to-night.

Several local hymen will speak at the Baptist church services to-night and the public is invited to attend.

At the Methodist church Bishop John M. Moore, of Nashville, the first of the six newly elected bishops to be elected at the recent General Conference in Atlanta, will preach at the Methodist church and he is certain to be heard by a large audience.

PURELY PERSONAL.

D. L. Grinter and family, of Cadiz, were in the city yesterday.

Mrs. Ella Manson returned yesterday afternoon from a visit to Clarksville and Howell.

Mrs. Sallie Warfield and mother, Mrs. Wood, motored to Clarksville and back yesterday.

Mr. and Mrs. Henry Johnson arrived last night from Owensboro to visit Mrs. Fred Allen.

F. C. Clardy, Jr., returned yesterday from Bee Buckle, Tenn., where he attended school the past session.

Miss Irma Stowe, of Redlands, California, daughter of the late W. D. Stowe, arrived yesterday afternoon to visit relatives.

Mrs. Geo. W. V. Lander is in Nashville attending the graduation of her daughter, Lucile, at St. Thomas' Hospital.

Mrs. D. F. Pace, of Kansas City, is visiting her children Ed. L. Weathers and Mrs. Lula Weathers Dawson and others in Hopkinsville.

Mrs. G. H. Taylor has returned from Colorado, where she spent several months. Her daughter, Miss Gladys, stopped over in Kansas City, Mo., for a visit to relatives, before returning to Hopkinsville.

Dr. Lewis Powell returned yesterday afternoon at 5:42 from Owensboro where he has been for several days visiting old friends and enjoying a good rest. He is much improved and his hosts of friends will be much pleased to have him with us again.

Miss Lulu Berry leaves to-day for Murfreesboro, Tenn., to accept a position as Secretary of the County War Savings Society till school opens in September, when she will again resume her duties as music teacher in connection with the High School at Rockwall, Tenn.

Good old summer time again.

THREE TIMES BY REQUEST

JUDGE BUSH HAS GONE TO HENDERSON AS SPECIAL JUDGE DURING MONTH.

If Judge C. H. Bush were as well known and popular throughout all the counties in the Second Congressional District as he is in Henderson county, he would have no trouble in being elected if he desired to run for congress.

The Judge left last night for Henderson where he goes as special judge to preside the remainder of this week. This is the third time within the past three or four weeks Judge Bush has been appointed a special judge to preside over the Henderson circuit court and the information was conveyed to the judge by the Governor that he had received a special request from Henderson to send Judge Bush.

FOLLOWING THE FLAG

Latham Davis left last night at midnight for Louisville and will proceed from there to the Great Lakes Naval Training Station where he will train for the Navy.

Golay P'Pool and Robt. Cooper left last night for Louisville where they will make an effort to enlist in the Navy.

Capt. Carl G. Pace, who has been stationed at Ft. Bayard, N. Mex., left yesterday after a visit of several days to Ed. L. Weathers and family.

Wm. E. Cantrell, Battery A, 80th U. S. Field Artillery, has been promoted to Signal Sergeant and is now at the Officers' Training School at Camp McArthur, Waco, Texas.

Sergt. Fairleigh Ware is here from Camp Wheeler, at Macon Ga., visiting his grandmother, Mrs. Anna Fairleigh.

Information has reached here that Henry V. Barefield, of Gracey, has arrived in France.

JAS. R. GAINES

PROMINENT FARMER BELOW GRACEY DIED LAST EVENING.

Jas. R. Gaines, a prominent farmer of near Montgomery, in Trigg county, died yesterday afternoon after a long illness. He was a son of the late Jas. H. Gaines and was unmarried. He is survived by three sisters and one brother. He was a brother of Mrs. C. B. Blakemore, of this city, and his nephew George Blakemore had been with him during his last illness and was with him at the time of his death.

Mr. Gaines was born Aug. 14, 1864 and was in his 54th year. He was educated in this city, being a member of the society of "Ferrell's Boys."

He was a church member and was a good and useful citizen.

Funeral arrangements had not been announced last night, but the burial will probably take place this afternoon in the family burying ground.

MUSIC RECITAL

BY MISS ALBERTA HILLE'S CLASS AT NEWSTEAD TO-NIGHT.

Miss Alberta Hille's Piano Class at the Newstead Centralized High School will give a recital at the school building this evening at 8:30 o'clock. The program is a most attractive one and a musical treat is in store for those so fortunate as to be present. Miss Hille is a teacher of unusual culture and accomplishments and her pupils have attained a rare degree of excellence in their studies.

BIG COMPANY IS REACHING OUT

EXPANDING OFFICES IN CHEROKEE BUILDING AND PREPARING FOR BIGGER BUSINESS.

DISTRICT'S AGENTS HERE

COMPANY INSTITUTING NEW SYSTEM OF ACCOUNTING AND SIMPLIFYING WORK.

The Cherokee building presents a very busy scene today and for the balance of the week. The Metropolitan Life Insurance Company has had its office quarters in three rooms for the past three or four years but has now taken one of the entire floors of the building, composed of five rooms, fitted up and is now one of the handsomest office quarters in Hopkinsville.

The company is instituting a new system whereby the old time receipts book the policy holders have been required to have with them when the payments were made at the office is being done away with and instead they are given a receipt, a carbon copy of which is left at the local office and any one can ascertain at any time as to whom the insurance was paid without the local office having to consult the Agent's collection book or the policy holder's receipt book. All of the old system of auditing and inspecting the agent's account which was done on the average of once a year has also been done away with and the agent's accounts will be audited each day, thereby making it a much more accurate way of handling the business with every one concerned.

The local manager, R. C. Ware, has called in all his men who will be here for the rest of the week. The out-of-town men who are here are stopping at the Hotel Latham and the register gives their names as follows:

J. A. Franceway, Madisonville.
R. L. Grimes, Madisonville.
H. T. Howard, Madisonville.
E. D. Ramsey, Madisonville.
F. I. Withers, Earlinton.
C. V. Oakley, Bowling Green.
W. F. Cole and wife, Bowling Green.

R. S. Cole, Bowling Green.
Geo. P. Scott, Bowling Green.
F. A. Wolfe, Bowling Green.
W. H. Hargis, Franklin.
W. P. Harrison, Glasgow.
D. B. Cole, Glasgow.
H. E. Dorsey, Glasgow.
P. O. Brown, Horse Cave.
R. B. Wathen, Elizabethtown.
J. E. Downing and daughter, Dawson Springs.

B. G. Harrington, Princeton.
L. C. Cash, Princeton.
C. F. Pasteur, Princeton.
D. Turner, Guthrie.
McKee Thompson, Kuttawa.
E. L. Harpending, Marion.

The Metropolitan last year wrote more insurance than any other insurance company in the United States. It is by far the largest company doing an industrial business and through this industrial department the company is doing a health and welfare work that commends itself to everyone in the highest degree. The county nurse in this county is practically supported by the Metropolitan and during the month of April it paid the Health and Welfare League \$159 in support of the county nurse.

In addition to the health and welfare work the company is doing, it stands ready at all times to aid in the promotion of any clean business enterprise. It was the Metropolitan agents more than any other agency who were instrumental in securing the applications that won the cigar factory for Madisonville. They are undertaking the same thing for Hopkinsville, and, with the cooperation of our business men, success is sure to crown our efforts.

LOCAL FOOD ADMINISTRATOR INSTRUCTED TO ADJUST RAISES.

Local Food Administrator G. C. Koffman received an order from the State Food Administrator yesterday advising him that it is not permitted ice dealers to increase the price of ice over the prices charged a year ago without a special permit. Mr. Koffman was directed to investigate prices and if found to have been raised to adjust them locally if possible and failing in this to report the facts to the State Administration. A material advance has been made in the prices of ice in this city and Mr. Koffman stated last night that he would carry out his instructions at once.

Last night the Crofton High School class graduated and Prof. E. B. Weathers, of Franklin, delivered the class address.

The Howell High School opened its exercises last night with a musical recital by Miss Lucy Jones' class. Tonight "The Village Lawyer," a play by the school will be given. Tomorrow night the graduation address will be delivered by Prof. Weathers.

The graduation exercises of the Newstead School will be held tonight and tomorrow night. Tonight's program will consist of a musical entertainment by the pupils and Friday night the graduation exercises proper will be held and five diploma graduates will be awarded diplomas.

BERLIN CLAIMS CAPTURE OF 25,000 PRISONERS AND SOISSONS IS BEING EVACUATED UNDER SHELL FIRE, INCLUDING AMERICAN HOSPITALS.

THE LATEST.

(By International News Service.)
PARIS, MAY 29.—SOISSONS HAS BEEN EVACUATED BY THE ALLIES, THE WAR OFFICE ANNOUNCES TONIGHT. THE CITY WAS ABANDONED AFTER SEVERAL HOURS BATTLE IN WHICH THE FRENCH RENDERED "BITTER RESISTANCE." THE ENEMY SUBSEQUENTLY OCCUPIED SOISSONS. IN THE CENTER THE ALLIES, UNDER PRESSURE, YIELDED GROUND IN THE REGION OF LOUPEIGNE TO THE NORTH OF THE IMPORTANT RAILROAD CENTER OF FERE ON TARDENOIS. A FLUCTUATING BATTLE IS IN PROGRESS ON THE PLATEAU SOUTH OF SOISSONS. LUPOIGNE IS ABOUT FIVE AND A HALF MILES NORTH OF FERE ON TARDENOIS, WHERE THE RAILWAY RUNS DIRECTLY SOUTHWESTWARD TO PARIS. TROOPS COVERING RHEIMS HAVE RETIRED BEHIND THE AISNE CANAL NORTHWEST OF THE TOWN. THE ALLIES HAVE MAINTAINED THEIR POSITIONS ON THE PROUILLEARD-SAVIGNY-TELLE LINE.

BERLIN, MAY 29.—TO-NIGHT'S WAR OFFICE STATEMENT SAYS: "WE HAVE FURTHER PROGRESS BETWEEN SOISSONS AND RHEIMS."

(By International News Service.)

Paris, May 29.—Latest reports from the front are that the German offensive is slowing up. Much artillery has been saved, kept from falling into the hands of the enemy. The number of prisoners lost is not unduly large considering the gigantic effort of the foe. As it stood at last accounts, late this afternoon, Fismes on the Paris-Rheims-Verdun railroad had been lost, retaken and eventually lost again and to the southwest of this railroad the centre of the German advance had reached the towns of Bruys and Hoys. Bruys lies sixty miles from Paris. This place is the maximum depth of the German advance which is 17 miles in the center since the offensive began.

Soissons is reported hard pressed this afternoon. The city, which is the pivot of the Allied left on the front of the German attack has been deluged with shells. Rheims, the pivot of the Allied right, appears less dangerously menaced. The civil population is evacuating. American hospital units are doing wonderful work at the evacuation of hospitals in the Soissons sector and among the civilian population.

Local Repulse.

London, May 29.—A complete repulse by the French of the German local attack north of Kemmel is the only infantry action reported by tonight's British official report on the Flanders fighting.

AMERICANS HOLDING FAST

(By International News Service.)
Washington, May 29.—The American forces which captured Cantigny have consolidated their positions, according to official communiques from Gen. Pershing.

American Army France, May 29.—The Germans during the last twenty-four hours have made a stubborn counter attack in an effort to retake the village of Cantigny on the Picardy front west of Montdidier, which was captured by the Americans in yesterday's brilliant forward dash. Each time the Germans were repulsed with heavy losses.

LIMITED MEN RELEASED

(By International News Service.)
Washington, May 29.—Provost Marshal Crowder has tapped another reservoir. Through an outlet opened to-night in the storage basin of America's man power will flow indirectly, more terror for the Germans. Several hundred thousand registrants held for limited military service will be released to take the places of able bodied men for the firing line.

17 DOWNED.

(By International News Service.)
London, May 29.—Seventeen German machines were brought down yesterday and thirty tons of bombs dropped on various targets, including Thionville. Six British machines are missing, tonight's official statement on aviation says.

SOISSONS IS CAPTURED

(By International News Service.)
Berlin, May 29.—The Germans have captured the Heights west of the city of Ciry, east of Soissons, the war office announces, and notes that the loss of these Heights adds to the precarious positions of Soissons which is the pivot of the Allied left. Twenty-five thousand prisoners have been taken in the new offensive, one French and one British General among the captured.

MAY TAKE OVER MEAT HOUSES

(By International News Service.)
Washington, May 29.—President Wilson approved the recommendations of the beef investigations commission extending government control over packing houses. Outright government operation is favored if "it should be found impossible to enforce regulatory measures."

GRACE LUSK CONVICTED

(By International News Service.)
Waukesha, Wis., May 29.—Grace Lusk, slayer of Mrs. Mary Roberts, wife of Dr. Roberts with whom Miss Lusk was infatuated, was found guilty of murder in the second degree to-night.

Grip is raging in Spain as an epidemic of greta virulence, causing many deaths. King Alfonso has it.

Hindenburg is down with typhoid fever and may go to join Bissing, the Belgian butcher.

A German patrolling party Tuesday approached the Americans lines holding up their hands and calling "Kamerad." Recently this trick was worked and the "Kamerad" bunch would suddenly drop to the ground and concealed gunners would fire on those who were regarding them as prisoners. This time the Americans gave them a volley, killing one. The reception given the patrol by the American commander indicates that the allied generals have determined to stop this violation of one of the most elementary rules of civilized fighting. Instances have frequently been reported of the Germans failing to respect the white flags sent forward with parley parties. With the allies adopting a precedent established by the Germans, some officers are of the opinion that hostilities in which little quarter will be given and perhaps none at all are not beyond the bound of possibility.

The infatuation felt by girls generally for military heroes is causing many French girls to "cut out" the girls at home and wed American soldier boys almost on sight. The French are said to make affectionate sweethearts, with kissing the usual goodbye, even with parents looking on. They make more headway than is customary in America where "spoofing" is frowned upon and is not even allowed in the public parks. But even the American girls fall to heroism. A correspondent with the American army says: "A boy showed me a letter from his fiancée back in America the other day. I thought it the right kind."

"You know, George, I promised to marry you one year from the day you got back home."

"I'd be willing to marry a hero a lot sooner than that."

"You know Mary Smith's beau got the French cross for bravery the other day and Mary is lording it all over the rest of us girls."

"If you'll get a French cross I'll marry you six months from the day you land."

"And if you win the new American medal I'll meet you on the dock with the marriage license in my hand."

"Where are those damned Germans?" exclaimed George. "Let me at 'em!"

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there. I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble. I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

LARGEST BUILDING IN WORLD.

What is said to be the largest building in the world is under process of construction in New York. It is to be used for the new South Brooklyn army supply base for overseas transportation.

The contract calls for the expenditure of \$40,000,000 for the construction of a large warehouse and three double deck steel piers. The warehouse is to contain 6,000,000 square feet of fireproof floor space under one roof, and to be approximately 1,000 feet square and of eight or nine stories. One hundred and fifty elevators will be required to handle the 1,000,000 tons of goods to be stored in the warehouse. The supply base will be served by thirteen miles of track. The entire project is expected to be completed and turned over to the Government by spring.

FRISCO SMOKE

MAY BE CUT.

(By International News Service.)

San Francisco, May 28.—Smokers in this city will face a terrible fate if the ordinance proposed by Attorney Charlotte F. Jones becomes a law.

Under the proposed statute it will be a crime for any male to smoke in any public place such as store, banks, jitney busses, offices, elevators and street cars. She gives as her reason that smoking is the "cause of men today being chicken hearted, effete weaklings and spineless jelly fish." Further Miss Attorney Jones suggests that the adoption of the ordinance would help conserve the supply of tobacco so that more could be sent to the boys in France.

CONSUMES 4,000 CATTLE.

(Washington Post)

Four thousand cattle are slaughtered daily to furnish the 2,000,000 pounds of fresh beef which the United States Army consumes, said a statement issued by the Quartermaster's Department. Official inspectors carefully scrutinize this supply of beef from the time it comes on the hoof to the abattoir until it vanishes from the mess tin to the soldier. Only when found "sound, healthful and wholesome" is the meat passed as acceptable for food.

UNITED STATES MARINE CORPS

The United States Marine Corps has been increased to 75,000 men and 45,000 more are needed to fill the present gaps. In connection we are starting Marine Corps Week and there will be a special photoplay showing at the Strand Theatre, all that week. It is the finest war drama ever produced. Marine Corps Week begins May 29th and there will be meetings in Evansville and vicinity for the purpose of getting recruits. Drafted men will be accepted for enlistment in the Marine Corps if they will get their release from the local board.

Red-blooded, level-headed, two-fisted men are wanted by the Marines. College and high school men are in demand for the higher jobs. Information given to all who desire. The nearest recruiting office is at 8th and Main streets, Evansville, Ind.

LIEUT. STANTON F. KALK.

When a German submarine sank the destroyer *Jac. Jones*, of which Lieutenant Stanton Frederick Kalk was the commander, he made great efforts to save the life of his crew, and he died from exposure and exertion. So the Navy Department has provided that his name shall not be forgotten. It is to be commemorated in a new destroyer recently commissioned as the *Kalk*.

HAD A HOB-NOB.

Theodore Roosevelt and William Howard Taft, former presidents of the United States, met in a Chicago hotel and held their first extended amicable conversation since the national republican convention in 1912. The meeting occurred in the dining room. Col. Roosevelt was at dinner when Mr. Taft entered and made his way to the colonel's table. The men gripped hands and smiled broadly while the other diners rose and cheered.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. "Gels-It"—2 Drops—
Then to the Dance!"Goodnight to Corn Pains—Corn
Peel Off With 'Gels-It'."

"Say, girls, you can laugh at tight shoes, or damp, corn-bulging weather, big bumpy corns, calluses on the soles of your feet, corns between the toes, hard and soft corns."

"It's All Over With This 'Gels-It'—Corn Peel Off With 'Gels-It'."

If you will just touch the corn or callus with a few drops of 'Gels-It', a blessed relief it gives to corn pains! You won't limp any more; you can enjoy the dance every minute. Then to see how that corn or callus will come right off complete, like a banana peel and without the least pain, is just wonderful. 'Gels-It' is the biggest seller among corn removers in the world today, simply because it is so wonderfully simple and almost works. Be sure you get 'Gels-It'—the guaranteed, money-back corn-remover, the only one that costs but a trifle at any drug store. M. F. B. Lawrence & Co., Chicago, Ill.

Sold in Hopkinsville and recommended as the world's best corn remedy by L. L. Elgin.

CHILDREN WRITE SLOGAN.

A competition was recently held among Indiana school children by the Federal Food Administrator of that state, prizes being offered for food conservation posters. Thousands of children participated with poster designs and food saving slogans, and the following succinct phrases are given as examples of the children's work:

Be Canny With Food.
Peel Thin and Win.
Not That We Love Food Less But We Love Liberty More.
Spread Butter Thin—Help the Sammies Get Berlin.
Be a Conservative Bee.
Bread and Buns Will Beat the Hungry.
Fill all Cans But Garbage Cans. Can Until You Can't.
Every Spud is a Bullet.
Save Bacon Until Berlin is Taken.
Save Navy Beans—'Twill Sink the Submarines.
Wise Wives Won't Waste.
Kill Kaiserism in the Kitchen.
Every Hoosier Help Hoover.
Eat Fish—a Good War Dish.

TO REV. THOS. CHAPMAN.

May 1, 1918.

Dear Father:
Your last letter came to hand some time ago and of course I was glad to hear from you.

You are probably anxious to know where I am and how I am. I am somewhere in France, that is all I am permitted to say in that respect. My health is excellent and I am enjoying myself immensely.

I can't say much as about all I could say of interest would probably be of value to the enemy should they intercept this letter—and of course the censor would strike out all I might say of a military character.

I suppose you have gotten the P. O. order I sent you before I left the U. S. From your affectionate son,
J. A. C.

P. S. Address—John A. Chapman,

DECORATION DAY.

The Old Federal soldiers and their friends will meet at the court house this morning at 8:30 o'clock and go out to Riverside and decorate the graves of both Federal and Confederate soldiers.

Friends desiring to contribute flowers can leave them at the court house before 8:30 and they will be thankfully received.

A TRIP TO THE MOGUL.

On Wednesday Prof. Mallory took the Manual Training class to the Mogul Wagon Plant on an inspection trip. The management was exceedingly thoughtful and showed the boys every possible attention. They were carried through under the personal direction of Mr. James Forbes.

The trip started at the saw mill where the logs are taken from the yards and cut into rough lumber and from there the different steps were traced until the wagon was completed. It is interesting to know that as a by-product the saw mill turns out 10,000 hogsheds in a six months season. All of the materials is thoroughly dried before using, for this is the real secret in the building of durable wagons. Under natural conditions wood requires four or five years to dry properly but recently the government drying system has been introduced and under this plan only three or four months are required to fit the lumber for the shop. From the drying plants the lumber is shipped on cars to the wood shop where it is cut and dressed by the latest types of machinery. The iron is electrically hammered in the blacksmith shop. The wheels, which determine the real life of the wagon, are all made by machinery. The spokes are driven into the hubs by electric hammers. Next they are cut and morticed, the rims fitted on hot and the tires securely fastened by hydraulic pressure. When the various parts have been completed they are sent to the painting room and after drying they are ready for shipment. The factory is concentrating most of its force in the filling of government contracts. These wagons are built from blue prints and specifications and the pieces can be counter-parted by those made in other factories. Two types of wagons are built for the government, the rations cart and the escort wagon. Wherever it is possible steel is used in their construction. One noticeable difference is that the hubs are made of steel and the spokes bolted in which method economizes space and strengthens the wagons. Both cart and wagon are finished in a khaki drab and a closely an old prairie schooner.

The first Mogul wagon was hand made by Mr. M. C. Forbes in Hopkinsville in 1871. This wagon which would seem very crude now but an excellent piece of workmanship then sold for \$125. Since the construction of the first wagon the business has steadily grown until in 1908 it became necessary to build the present plant which covers about 15 acres. The main building is a two-story brick, constructed on the E plan, with a floor space of 85,000 square feet, which is made absolutely safe from danger of fire by automatic sprinklers placed every square foot. These sprinklers are connected with a 60,000 gallon tank and also with the city water power in case the tank should be exhausted. All of the machinery is run by electricity, the total horse power of which is 410. The plant has a capacity of from 800 to 1000 wagons per month and at present they are doing 80 per cent government work, holding their old business and filling the government contracts. The wagons which we made of 80 per cent wood are shipped all over the south and also into California, Washington and Oregon and everywhere the customers are more than pleased with the "Mogul" which under ordinary conditions will last a life time. The Mogul Wagon factory represents an investment of between \$300,000 and \$400,000 and has an annual payroll of about \$75,000. The reason for the location of a plant of this magnitude in Hopkinsville was the fact that the best timber for the construction of wagons is obtained in the forests of Kentucky, Tennessee and Arkansas, and for this reason wagons can be sold cheaper than they could if they were located elsewhere. The Mogul Wagon factory is a plant that Hopkinsville may well be proud of.

MR. NOE SPRINGS A SURPRISE
ON HIS HOPKINSVILLE
FRIENDS.

A. D. NOE.

Mr. A. D. Noe, Sr., and Mrs. Dora Speer, of Ashland, Ala., were married Monday night at Ashland, and they arrived here yesterday. Mr. Noe is the senior partner of A. D. Noe & Son, proprietors of Hotel Latham, but has for a year or more spent most of his time in Alabama looking after some highly profitable graphite mines in which he is interested. His marriage, which comes as a surprise to his friends, shows that he has found time to look after other interests also. Mr. and Mrs. Noe will be here only a week or so, as they will continue to reside at Ashland. The jovial landlord is now busy receiving the congratulations of his many friends.

His bride is a handsome, attractive and intelligent lady.

PRINCESS TO-DAY AND
TO-MORROW.

DOUGLAS FAIRBANKS IS
PARLOR "CUT-UP" IN NEW
PHOTOPLAY "MR. FIX-IT"

Genial Athletic Artcraft Star Portrays Novel Role in Newest Comedy Hearts and Happiness.

Whenever Douglas Fairbanks appears in a motion picture, he is a daring "cut-up" whose antics and genial good humor not only excite merriment, but add to his popularity as an entertainer of the highest class. In his latest photocomedy, Mr. Fairbanks is a regular parlor "cut-up", as well as a fighter in the slums, and his characterization is no less enjoyable than are those quaint Western creations with which his name has been so long and agreeably associated.

In his newest vehicle, Mr. Fairbanks is a genial laughing philosopher, who believes in happiness and who teaches the doctrine that they are happy who bring happiness to others. In accordance with this belief he becomes a fixer of things in general, and as "MR. FIX-IT," he attempts to lighten the mental woes of two young women, who are unhappily enmeshed in a love affair. He causes several amusing mix-ups, but he emerges happily from the complications which necessarily ensue.

YESTERDAY'S CASUALTIES.

DIRECTORS OF EDUCATION SOCIETY TAKE ACTION AT MEETING TUESDAY NIGHT.

At a meeting of the directors of the Baptist Education Society of Kentucky Tuesday night, May 28, at the Hotel Henry Watterson, the Rev. Boyce Taylor's resignation as a member of the Board of Trustees of Bethel College, was accepted. This action was taken in view of certain criticism of Mr. Taylor, who, in voluntarily presenting his resignation, expressed the earnest hope that under no conditions was he willing for his name to even seem to be detrimental to any vital interest of his State and people.

THEIR CREED—TO PRY, SEARCH, FOLLOW AND TAKE AT ANY COST.

The woman he loved at the cost of his honor, or his honor without the woman he loved. This was the staggering decision which Dick Selwyn, Canadian Northwest Mounted Police officer, was called upon to make in the Triangle play, "Until They Get Me." This photodrama is surcharged with big moments of love and self-sacrifice, and is laid in the outskirts of civilization.

While groping for the answer, his mind in a daze, he was aided in reaching his decision by the words which kept ringing through his head, "We of the service are sworn to pry, search, follow and take at whatever cost to happiness. There stands our honor, beyond which we may not think or feel until the first be served."

PRINCESS SATURDAY.

In Shirley Kaye—Clara Kimball Young displays her versatility by creating a role different from the persecuted woman she has portrayed so often in the past. In this picture, from the successful play of the same name which is directed by Joseph Kaufman, Miss Young acts the role of Shirley, the vivacious daughter of Edgerton Kaye, president of the great Union Central R. R. He holds his position through his descent from "Pirate" Kaye who founded the line rather than through any executive ability of his own.

SUSTAINS INJURY THAT MAY PROVE FATAL—SUFFERING IS INTENSE.

Mrs. J. E. Croft, of Crofton, fell Tuesday while moving about in her room and broke her hip and has since been suffering intense pain. The physician seems to be unable to do anything that will afford any relief on account of her advanced age and the nature of the injury. Much fear is entertained as to her ability to recover. Friends were in Hopkinsville yesterday afternoon looking for a trained nurse for Mrs. Croft.

She is about 80 years of age and for a long time has been in a rather frail and delicate condition. She is the widow of the late J. E. Croft who died about 30 years ago.

A COSTLY REMARK

Jim Bradshaw, colored, was arrested, tried in Police Court, and fined \$51 and costs yesterday morning. The city's charge against the prisoner was disorderly conduct, but the specific act was an unpatriotic remark Bradshaw is alleged to have made Monday morning as the 106 selectives were entraining for Camp Taylor.

It is understood that the U. S. Government has begun to take some action against Bradshaw and will probably charge him with the use of seditious and disloyal language. Bradshaw is alleged to have remarked that he hoped "the Germans will shoot the d—heads off of them before they get back." He was speaking of the 106 soldier boys who left Monday.
